## **REASONS FOR AllOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-14, 22-23 the prior art fails to teach a protection circuit that generates a transistor power estimation circuit in combination with the other limitations recited in the claims.

Regarding claims 21, the prior art fails to teach a method of averaging the temperature vary, piecewise linear approximation to generate an estimate of transistor junction temperature with the other limitations recited in the claims.

Regarding claims 15-20, the prior art fails to teach a protection method, comprising the steps: generating a power estimate of power dissipated by a power transistor; and generating a power transistor control signal that causes the power transistor to reduce its power dissipation, in combination with the other limitations recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## Conclusion
